Giving Tree Copper Leaf Order Form

Thiensville Village Park will soon be home to the village's first piece of public art. A three-dimensional iron "giving tree" will stand more than 10 feet tall. It will be adorned with up to 500 individualized copper leaves, each one a tribute to the beautiful park and its bright future. Order your leaf/leaves and recognize one of our community's greatest assets.

Each leaf is available for a \$250 donation and is approximately 2.5" x 4". Leaves will be engraved in copper with your personalized information and permanently installed on the Giving Tree. Additionally, you will receive a miniature Village Park Reimagined key chain/ornament fashioned from the same copper.

Write your inscription in the diagram below, one character per space. Please complete an order form for each leaf (additional forms available at the website above). **Send your order form(s) and payment to Thiensville Village Hall, 250 Elm Street, Thiensville, WI 53092.**
